CAREER OBJECTIVE

Motivated Computer Science and Engineering (Data Science) student with a strong academic record and an interest in programming, data structures, and machine learning. Eager to apply technical knowledge to practical projects and develop problem-solving skills.

EDUCATION

Ballari Institute of Technology and Management

Expected 2029

Bachelor of Engineering in Computer Science and Engineering (Data Science)

CGPA: 9.08

TECHNICAL SKILLS

Programming Languages: C, Python, Java

Core Concepts: Data Structures and Algorithms (DSA)

PROJECT

Movie Recommendation System

- Developed a machine learning application concept to recommend relevant movies based on user preferences, past behavior, or item characteristics.
- Focused on personalized movie recommendations using data-driven approaches.
